Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Monday 24 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Dry this evening, then showers overnight and through Tuesday.

This Evening and Tonight:
After a dry and clear evening for most, cloud cover and showers will soon move in from the north, spreading southwards across the region overnight. Turning windy in coastal areas during the early hours. Minimum temperature 3 deg C (37 deg F).

Tuesday:
Patchy cloud, scattered showers and few sunny spells. The showers will be more frequent than on Monday, and may be heavy, contain hail and possibly a rumble of thunder. Breezy. Maximum temperature 14 deg C (57 deg F).

Outlook for Wednesday to Friday:
Patchy cloud and showers on Wednesday, southern areas drier. Warm and largely dry on Thursday, with sunny spells. Cloudy with outbreaks of rain on Friday. Temperatures returning towards average.
